Welcome to the 48th Annual Dr. Martin Luther King, Jr. Memorial Breakfast - our signature event to honor the life and legacy of Brother King, and to highlight our quality educational programs for youth enabled by your financial support. Despite the receding endpoint of the coronavirus pandemic, we are grateful for our ability to safely gather and welcome you in person for this special occasion!

We offer our sincere condolences to those that have experienced the loss of loved ones since our last time together (January 2020). It is our sincere hope that the precious moments shared now bring you peace and will forever comfort and warm your hearts. We know that the past two years have been unprecedented and challenging for our nation, community, and families. We have experienced a deadly insurrection at the U.S. Capitol, observed an uproar over critical race theory in public education, supported our children with virtual instruction as school buildings remained closed, and endured the rapid loss of family and friends suffering from COVID-19 and other illnesses. Yet, it is the spirit of perseverance and resilience that has allowed us to overcome these dark obstacles, and it is the same spirit that will enable us to continue moving forward towards brighter tomorrows.

This morning's theme, "No Return to Normalcy – Let Us Transform Dark Yesterdays into Brighter Tomorrows" was selected because we had the audacity to hope that things would resemble pre-pandemic normalcy by this point. However, the pandemic and its lasting effects continue – it has even emerged into a surging tripledemic in some places due to the simultaneously rising rates of the flu, COVID-19, and the respiratory syncytial virus (RSV).

It leaves us to wonder whether we are actual living our new normalcy – forced to rely upon social distancing, face coverings, hand washing, routine testing, and vaccination boosters as part of our societal rituals. The life and legacy of Dr. Martin Luther King, Jr. reminds us to never stop striving for brighter tomorrows despite the intensity of the darkness. Dr. King never wavered on transforming the darkness of racism into the brighter tomorrows where equality and opportunity would become a reality for all, regardless of race, color, or creed. Dr. King remained optimistic and steadfast in his belief that

a brighter day of normalcy was on the horizon. In fact, it was during his infamous March to Selma (1965) where he stated, "the only normalcy that we will settle for is the normalcy of brotherhood, the normalcy of true peace, and the normalcy of justice."

Together, we will allow this legacy of Dr. King to continue guiding us through clouds of despair towards brighter tomorrows. We move forward, strengthened in our commitment, to continue our unequivocal efforts in promoting manly deeds, scholarship, and love for all mankind, for the future of our youth and young adults – especially those who have been historically underserved and disparately impacted by the pandemic.

It is our beloved brother's legacy that inspires us to be active agents of positive change, and to stand in solidarity, beyond differences, in service to others to create a brighter tomorrow. Today's event highlights our efforts to provide youth in Howard County with academic enrichment that further enables success in postsecondary training and education, and ultimately, creates a clear pathway for life opportunity and success. Alongside community support and partnership, the Alpha Foundation of Howard County, Inc. (AFHC), a 501(c)(3) tax-exempt entity, works in conjunction with the Alpha Phi Alpha Fraternity, Inc. – Kappa Phi Lambda Chapter to provide educational programming that assists our motivated students towards achieving ambitious goals, including leadership experience, increased scholastic performance, and financial assistance for higher education.

Your generosity is a cornerstone in our efforts to ensuring that Howard County students are prepared for academic study, entry into the workforce, community service, and leadership. Again, we thank you for your ongoing support of our educational programs and for attending today's event. We look forward to seeing you next year!

Sincerely,

Dear Friends, Patrons, Supporters and My Brothers of Alpha Phi Alpha Fraternity, Inc.:

The Brothers of Alpha Phi Alpha Fraternity, Inc., Kappa Phi Lambda Chapter, and The Alpha Foundation of Howard County, Inc. (AFHC) are delighted to welcome you to our 48th Annual Dr. Martin Luther King, Jr. Memorial Breakfast. We are humbled by your support and patronage of this event to celebrate the life and legacy of our beloved fraternity brother, Reverend Dr. Martin Luther King, Jr., as well as our efforts in closing the achievement gap and assisting students in developing academic and social competencies needed for college and career readiness.

The Kappa Phi Lambda Chapter was chartered on March 1, 1975, by thirty-four Brothers of Alpha Phi Alpha Fraternity, Inc., that were committed to upholding the true meaning of brotherhood and the aims and objectives of our dear fraternity. For more than forty-three years, the chapter has subscribed to the fraternity's guiding principle of "Esprit de Fraternite", providing service and advocacy for the residents of Howard County and surrounding jurisdictions. Most notably, the chapter is highly engaged in promoting educational and civic initiatives that are designed to inform and uplift our citizenry, especially those traditionally marginalized and underserved. Some of our signature initiatives include the following:

- **THE ALPHA ACHIEVER PROGRAM** targets young males of color in Howard County high schools in efforts to promote academic achievement, character growth, leadership training, and critical thinking skills.
- **THE HARAMBEE CONFERENCE** annually provides a forum for Alpha Achiever student representatives from all twelve Howard County public high schools to collaborate around a theme of uplifting themselves and their community.
- **THE HIGH ACHIEVER PROGRAM - GO TO HIGH SCHOOL, GO TO COLLEGE** targets young males of color in Howard County public middle schools in efforts to build academic and socio-emotional competencies.

• **ACADEMIC SCHOLARSHIPS** are provided to deserving Howard County public high school students as they matriculate to college.

• **PROJECT ALPHA** provides educational workshops and skill-building sessions regarding issues of responsible behavior and healthy relationships targeting teenage males.

• **A VOTELESS PEOPLE IS A HOPELESS PEOPLE** focuses on voter education and training for the Howard County community, as well as voter registration and assistance.

• **THE LEADERSHIP DEVELOPMENT INSTITUTE** inspires young males of color in high school to seek and excel in leadership positions with an overnight on-campus, college experience.

Our theme for today, "A Return to Normalcy: Transforming Dark Yesterdays Into Brighter Tomorrows", conveys that the true measure of a man's greatness is not the number of servants he has, but the number of people he serves. Dr. King's legacy of selfless service is a perfect embodiment of today's theme, and the inspirational reminder that as Alpha men, we must remain steadfast and true to our motto, "First of All, Servants of All, We Shall Transcend All" as we continue to lead the way in service to communities around the world.

The Brothers of the Kappa Phi Lambda Chapter and the Alpha Foundation of Howard County, Inc. are sincerely appreciative for your attendance today, and continued support of our endeavors. We ask that you please mark your calendar for our 49th Annual Dr. Martin Luther King, Jr. Memorial Breakfast planned for 2024.

Sincerely,

Kappa Phi Lambda Chapter entrusts to its Education Committee the task of developing and monitoring educational programs that benefit the African American young people in Howard County. The most visible of those programs is the Alpha Achievers program.

■ ALPHA ACHIEVERS

Established in 1997, this nationally recognized program enables African-American males to achieve and maintain a 3.0 grade point average or higher. The program promotes character growth, leadership skills and critical thinking, while encouraging its members to become full citizens of the school and the community. They are required to develop relationships with Howard County middle schools and annually complete 21 hours of service learning.

■ HARAMBEE CONFERENCE

This annual conference provides the opportunity for student representatives of Alpha Achievers Chapters throughout Howard County to convene around a theme of uplifting themselves and the community.

■ HIGH ACHIEVERS – GO TO HIGH SCHOOL, GO TO COLLEGE

Prepares African American male middle school students for the academic, emotional and social transition that occurs upon entering high school through a series of extracurricular and school based activities.

■ PROJECT ALPHA

Provides education, motivation and skill building on issues of male responsibility, relationships, teen pregnancy and sexually transmitted diseases for males ages 12 -15. The inaugural Project Alpha conference was conducted in 2018 at Howard Community College.

■ A VOTELESS PEOPLE IS A HOPELESS PEOPLE

■ LEADERSHIP DEVELOPMENT INSTITUTE

Develops a 21st century generation of African American leaders.

■ EDWARD D. YOUNG SCHOLARSHIP PROGRAM

In collaboration with the Alpha Foundation of Howard County, awarded \$20K in scholarships with recipients matriculating at Hampton, Yale, MIT, among other universities.

KEYNOTE ADDRESS SPEAKER

Bro. Pierre Thomas

CHIEF JUSTICE CORRESPONDENT - ABC NEWS

Pierre Thomas is the Chief Justice Correspondent for ABC News. He joined the network in November 2000 and reports for “World News Tonight with David Muir,” “Good Morning America,” “Nightline,” “This Week with George Stephanopoulos” and all platforms including ABC News Radio and Digital.

He was a key part of the ABC News team honored with three additional Murrow Awards: in 2012 for the network’s coverage of the tragic Tucson shooting and the killing of Osama Bin Laden—and again in 2014 for ABC’s coverage that included the Boston marathon terrorist attacks. He was also part of the ABC News team that received 2016 Murrow awards for Overall Excellence and Breaking News. Thomas also played a critical role in ABC News breaking coverage of the Pulse Nightclub shooting in Orlando

which was honored with a 2016 Emmy Award.

From special counsel Robert Mueller’s investigation targeting President Trump to the Pulse Nightclub shooting in Orlando and the Boston marathon terrorist attacks, Thomas has covered countless major news stories during his time at ABC News. Thomas reported on the death of George Floyd and the protests against racial injustice and police brutality that arose in the wake of his death.

In 2018 he was honored with a Murrow Award for his radio series on the Fentanyl crisis. Thomas was named the recipient of the RTDNA 2015 John F. Hogan Distinguished Service Award, which is named after the organization’s founder and first president and honors contributions to journalism and freedom of the press. Past recipients include Walter Cronkite and Hugh Downs. He has been honored to serve as host of the RTDNA’s First Amendment Awards, first in 2016, and then again 2019, at a time when he was helping to lead the coverage of the special counsel Robert Mueller’s investigation targeting President Trump. He has been featured in the American Journalism Review and has been the focus of hour-long C-SPAN broadcast about his career and thoughts on journalism.

In 2020, he conducted two exclusive interviews with Attorney General William Barr. FBI Director Chris Wray spoke to Thomas in December 2019 following the release of the DOJ watchdog report focused on the Russia investigation. In 2021, Thomas conducted the first exclusive television interview with U.S. Capitol Police officer Harry Dunn who protected the Capitol against armed insurrectionist on January 6. Dunn actions and experience, including being called the N-word 15 times during the attack was a part of the second impeachment trial of former President Donald Trump. Dunn was the first U.S. Capitol Police officer to speak publicly about the events.

Thomas received an Emmy Award as part of team coverage of the inauguration of President Barack Obama and, in 2011, the Houston Association of Black Journalists honored him with its Pinnacle Award. He was recently featured in the American Journalism Review, and, in 2011, was the focus of an hour-long C-SPAN broadcast about his career and thoughts on journalism. In 2012, Thomas was named Journalist of the Year by the National Association of Black Journalists.

Thomas has led many important investigations at ABC News including: insight into how COVID-19 spread so broadly and quickly throughout the United States, an analysis of voluntarily reported arrest data which revealed a stark racial disparity in the U.S. and an in-depth look at the opioid epidemic crisis in America.

A former Washington Post reporter, Thomas was part of a team whose work was a finalist for the Pulitzer Prize for reporting on illegal gun use in the Washington, D.C., region. While at the Post Thomas received the Pass Award from the National Council on Crime and Delinquency for his article “Beyond Grief and Fear,” twice won the Mort Mintz Investigative Award and was a finalist for the Livingston Young Journalist Award.

Thomas was a key member of ABC’s team of correspondents covering the terrorist attacks of September 11th, and he continues to report on all aspects of the aftermath of those attacks. The network’s coverage of the 9/11 tragedy was widely recognized for its excellence, winning the prestigious Peabody and Alfred I. duPont-Columbia University Awards and an Emmy Award.

He started his career at The Roanoke Times and World-News. He is a graduate of Virginia Polytechnic Institute and State University and is a member of the National Association of Black Journalists. Thomas is a past chairman of the Reporters Committee for Freedom of the Press and is a member of the Gridiron Club, the nation’s oldest and one of its most prestigious journalistic organizations.

Dear Friends,

Thank you to my fellow Alpha Phi Alpha Fraternity, Incorporated, Kappa Phi Lambda Chapter Brothers for hosting the 48th Martin Luther King Jr. Memorial breakfast. The 2023 goal of "No Return to Normalcy - Let Us Transform Dark Yesterday's Into Brighter Tomorrows" is very fitting for a time such as this.

I am reminded that the challenges we face today are not impossible to overcome as I begin my second term as your Howard County Executive. Dr. King helped provide us with the tools to succeed, and aid downtrodden humanity in its efforts to achieve higher social, economic and intellectual status. We are prepared for the greatest usefulness in the causes of humanity, freedom, and dignity of the individual and we will progress greatly when we work together. Our current circumstances offer us a chance to develop as individuals, and also as whole community - locally, statewide, and nationally. By uniting, we can turn Dr. King's dream into reality for all.

It is my honor and privilege to support this signature fundraising event in recognition of the life and legacy of Dr. Martin Luther King Jr. This important event shines a spotlight on our transformative programs and initiatives that are making a real difference in the lives of our young people, such as The Alpha Achievers & KPL Programs and The Harambee Conference. Best wishes on a great event, supporters, family and Brothers of Alpha Phi Alpha Fraternity, Incorporated, Kappa Phi Lambda Chapter.

Sincerely,

Calvin Ball,

48th Annual Dr. Martin Luther King Jr. Memorial Breakfast

Dear Friends:

I am pleased to extend warm greetings to all those gathered for the 48th Annual Dr. Martin Luther King, Jr. Memorial Breakfast. It is an honor to welcome this year's distinguished guests.

Each year we come together as a community to remember the life and legacy of Reverend Dr. Martin Luther King Jr. This year's theme of "No return to normalcy, let us transform dark yesterdays into brighter tomorrows" comes from a speech Dr. King delivered in 1967 in which he inspired young students who had endured years of discrimination to continue fighting for a brighter, more equitable future. That day, he implored and inspired those students to take action and join the Civil Rights Movement to create a more equitable society. Today, these words still resonate strongly, inspiring new generations to continue to reckon with societal injustices and strive toward progress.

Dr. Martin Luther King embodied the best of American values and his memory inspires us to continually work to transform our society, pursue greater inclusion and equality and lift up those around us. He taught us to stand up for those who need help, speak for those who need a voice and listen to those who need to be heard. These actions will keep his legacy alive and forge a more equitable and just society for generations to come.

Many thanks to all those who helped make today's event a success. Please accept my best wishes for a truly memorable event and continued progress.

Sincerely,

John P. Sarbanes
